Uncle Dan From Democrat River

Dear Mister Editor:
 I see by the papers where some doctors from the American Medical Association has give out a warning that eating wild fruit, special persons, that ain't good and ripe will cause a "dysprobozoar" in the stomach that might "require removal by surgery."
 I'm mighty glad to get this information. I'll give me the will power to quit eating fruit, wild or tame, ripe or unripe. At my age I don't want to get dysprobozoar. Anything with a name like that could be fatal to us old folks. Let a doctor tell a old set he's going to die if he don't quit drinking and it's like pouring water on a duck's back. But tell him he's going to get dysprobozoar and you've done cured him quick.
 Incidental, I see where they've got a New York surgeon on the carpet for using a stand-in the carpet for using a stand-in geon don't show up till the patient is asleep, then he is gone after the patient comes to. The big name surgeon takes credit for the operation, pads the bill extra heavy to take care of the

stand-in. In basketball they've been calling it the "fix" and with them big electric companies the Government called it "rigging," but the medical profession will come up with a fancy name for this stand-in business, maybe call it dysprobozoar spelled backwards.
 It's gitting so, Mister Editor, everthing in this country is operated on the "fix" or "gap" system. We got the missile "gap," the import and export "gap," and a dozen other gaps, all of 'em bad. But at least we can understand that kind of language. It's a great pity them Government agencies and bureaus don't get down to some three-letter words.
 But ever now and then one of them agencies will show a little improvement. For instant, I was reading where a Alberta farmer shot down a crow that was wearing a leg ban that said, "Wash. Biol. Surv." The farmer sent a letter to the Government. "Dear Sir, I shot one of your pet crows the other day and followed your instructions. I washed it, biled it and served it. It was terrible."

DOWPON controls catfalls and problem grasses along ditches

A regular spraying program with DOWPON puts an end to the continual expense and hard work of burning, chopping or cultivating Johnson or Bermuda grass out of crop lands and catfalls out of ditches. In headlands and along fence lines, too, Dowpon eliminates grass—for it kills the deep roots as well as tops. Through cumulative action, this program becomes less costly each year. You'll find Dowpon cheaper than chisels or borates, less messy than oiling. Simply mix Dowpon with water, and spray.

Majorettes Attend Twirling Camp

Majorettes attending the past week at the Donora Kodas Twirling Camp at Fort Lauderdale were Ann Williams, Sylvia Scott, Helen Cherry, Pat Anderson, Gineva Crichtfield and Lee Ann Berryhill.
 Carol Ann Williams and Janet Crichtfield also attended the camp for a week. Janet was selected the most improved in the senior division.

HAPPY BIRTHDAY GREETINGS

Today: Grace E. Dubose, Myrtle Gilman, Bill Mathis, Carlisle Loughridge.
 August 18: Louise Bass, Rose Humard, Robert Lanier.
 August 20: Nona Lindorse, Wayne Mock, Michele Chapman.
 August 21: Millie Kirchman, Sue Gilman, Richard Townsend.
 August 22: Connie Van Camp, Karol Vadaz, Ricky Shoemaker, Mrs. L. T. Creech, Sr.
 August 23: Mary Livingston, S. K. Smith, Sr., J. K. Baker, Mary Bregger, Albert Squires.

He got a letter back saying the leg band was a abbreviation for "Washington Biological Survey," and on account of the confusion, they was changing it to "Notity Fish and Wild Life Service, Washington, D. C." Them Government folks has to learn the hard way.
 Well, I got to stop now, Mister Editor, and either put the "fix" on my old lady or do something about the "gap" between my lawnmower and them weeds she's complaining about in the back yard.
 I washed it, biled it and served it. It was terrible.
 Yours truly,
 Uncle Dan

 Attention of the Editor

Officials of the Palm Beach County Public Schools' Summer Enrichment Program wish to extend their thanks to everyone who has in some way contributed to the success of the program this summer. We especially want to commend the staff of the Belle Glade Herald for their coverage of news concerning this program.
 It is almost impossible to list the many organizations and individuals who have given their time and efforts to aid in providing wholesome summer experience for the children in our county. Without their generous help and splendid cooperation the program could not have been so successful. We wish them to know that we are grateful to everyone who has helped in some way and appreciate the opportunity to express our thanks through your paper.
 Final reports indicate that this summer's Public Schools' program has been the largest of its kind in the fourteen years of operation in Palm Beach County. It is our hope that parents will again utilize the services that are provided for their children next summer.

Sincerely yours,
 Kenneth Carlton

Many of you said to us, "Look, I'm not hauling 20 tons or more. I'm lucky to get 8! But 4 to 5's more like it. And I don't pull it clear across seven states either... How come I can't get a diesel that's right for me? I'd sure like to save the way the big rigs do."

Now you can.
 International's listened to you and me, and designed a 113 hp. diesel. Built it so well that it only weighs 902 pounds—that's just 8 lbs. per horsepower. They call it the D-301... we call it a beauty.

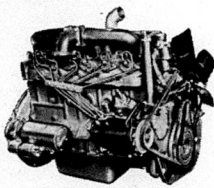

It's a naturally aspirated (no supercharger) diesel that develops its full 113 hp. at 3000 rpm. This means lots of power at slow speeds. And that means fuel savings. With direct electric starting and simple fuel system, it's like driving a dream.

Best of all: The D-301 won't nickel and dime you to death for little things. For example there are no plugs to foul or replace. The cylinders and rings are built to take hours and miles more. It is a tough engine that's built to take it on light load duty and priced to be practical.

They've built the trucks for it, too. Both compact and conventional design in the 16,000 to 19,700 GVW class.

Now that they've built 'em and we've got 'em, why don't you come in and see 'em? Let's talk about diesels for pickup and delivery, as well as for short hauls.

See us today about trucks... we know them!

Pvt. Earl Meredith of Pahokee is at home on a 15 day leave, visiting his wife, Carolyn, who is presently at home with her mother, Mrs. Ruby Schoenfeld, 118 S. W. Ave. D, Belle Glade. He is also visiting his mother Mrs. Ruth Meredith in Pahokee.
 Pvt. Meredith has just completed his eight weeks of basic training at Ft. Benning, Ga., and will report to Ft. Monmouth N. J. for Radar School on Aug. 18.

Editor's Note: Pfc Lawrence H. Nash, Jr., returned home from Germany arriving here Sunday a. m. for a months leave with his mother Mrs. Rosa Nash. He tells about his service in the U. S. Army.
 "I joined the Army on July 29, 1960 and took basic training at Ft. Jackson, S. C. completed training Sept. 30, came home for 15 day leave and returned to Ft. Jackson for eight weeks of mechanics training. At Christmas, I came home for the holidays and then reported to Fort Dix, N. J. for overseas shipment Jan. 3, 1961, and departed by boat on Jan. 7 arriving at the 568th Engineer Company (Light Equip) where I was assigned to the service platoon as ordnance clerk in charge of all the ordnance equipment in the company.
 I was promoted to Private First Class on May 12, '61 and received the traditional color shower and had my stripe tacked on by every member of the company. I returned to the U. S. through medical channels and after 30 days leave I will report to Ft. Benning, Ga., to Martin Army Hospital where I will go under a medical board to determine whether or not I will remain in the Army."

Back to Germany, I was stationed in Hanau, a small town about 15 miles from Frankfurt main, Hanau is the birthplace of the Grimms Brothers, who wrote fairy tales and in the 3rd main square, there is a statue of the two brothers. One is sitting and the other standing, and it is said that each year at the time of midsummer of the new year, the two brothers change places, so the brother who stood the last year could sit down and remain in the Army.
 Germany has many beautiful places to visit and I was based in the area that made travel very easy, in the center of free Germany, and most of the other countries were easy to reach. There was Denmark, Holland, Belgium, France and many more to visit with not more than two days travel time in any direction. I was also 50 miles from the famous Iron Curtain of Russia and although I never got close to it I talked to many guys who were on the Border Patrol and learned it is a very unpleasant duty.
 The girls there were very friendly toward G. I.'s, because they seem to realize that the boys are in a country away from all that he knows, and when you find one that you like, then you begin to enjoy the people of Germany, as they will accept you into their homes and you become one of the family. Then

when any part of the family has a big party or any other celebration you are invited as though you were one of the family.

There are some customs that I grew to like, but don't think that I should put them in writing, because they are not very well accepted by the people who are always questioning the morals of other lands. Although in Europe, the morals in most countries are of very high standards and especially in Germany. In France, in my opinion, the morals are the lowest I have seen.

Although most of the people in the various countries where American soldiers are stationed are most friendly, the ones that are really taken over by the soldiers are the orphans. Every company adopts an orphan, boy or girl from 5 or 6 on up to 14 years, furnish their clothes, food and medicine. The company I was in adopted one and every so often we had a party or something special for them in addition to giving them clothes and other things."

Though no single grass variety is perfect, certified Floratone St. Augustine lawn grass is a superior new variety now available according to the Florida Turfgrass Association.

Power Of Hymns Cited In Past, Present Readers Are Urged To Vote For Favorites

EDITOR'S NOTE: This is the last in a series of five stories on hymn singing in America, published by The Belle Glade Herald as part of the National Newspapers Hymn Poll. Every reader of the Herald is urged to write the name of his favorite hymn on the official ballot printed with this story. Mail it today so your vote can be included in the National tally. We will publish local and national results.

By Daniel A. Poling
Editor of Christian Herald

The year was 1941. Adolph Hitler was at the height of his power. The tide of Nazi Germany had already engulfed half of Europe — and it seemed certain that it could not be stopped. Few people had the courage to stand up against Nazism. One man who dared defy Hitler was the Bishop of Hanover, Hanns Lile. He had denounced the immorality of Nazi Germany for years. But he could

not stop the Nazi tide and when Hitler gained absolute power in Germany, Bishop Lile was thrown into jail.

The bishop's spirit was all but broken. All of Germany, it seemed, had gone mad.

Sitting alone in his dirty, insect-infested prison cell, Bishop Lile wondered whether he had any actual meaning. He asked why God had doomed him to this fate.

And then Bishop Lile heard something, very faintly, from the prison cell above him. He listened closely — and he knew God had answered him.

Bishop Lile heard someone humming a hymn — and he knew that even in the darkest moment of his life the spirit of God was near. Lile was filled with exaltation and started to sing the hymn. From that moment, he never faltered in his faith. And four years later, Bishop Hanns Lile became one of the guiding forces in the rebuilding of a democratic, free Germany.

Presbyterian Women Hold Regular Meeting

The general meeting of the Women of Everglades Presbyterian Church was conducted at the home of Mrs. Urban Felt Tuesday Aug. 15 at 8 p. m. Mrs. Felsing, president presided.

Mrs. David Motes presented the program on "Church Of Tomorrow." Mrs. Richard Murray was hostess.

In the late 12th century, Peter Waldo, a wealthy French merchant, was so deeply moved by the religious song he heard from a wandering troubadour that he went to a priest and asked how he could enter the Kingdom of God.

As a result of their talk, Waldo embraced a life of poverty as a lay preacher. He recited the Gospels to great crowds of people who flocked to hear him.

Alarmed, the Church condemned Waldo — but they could not stop the tide he had started. Even after his death, a group of his followers, the Waldenses, preached the Gospel in the language of the people — and sang hymns to the words of Old Testament Psalms. Today Waldensian Church is a hymn singing church.

Martin Luther broke with the established church and launched the Protestant Reformation, which became a hymn singing movement.

And it all started with the simple singing of a hymn!

Hymns have shown the power to change the course of history, and they can change our individual lives.

As a result of Christian Herald's nationwide Hymn Revival Program, Bill McVey, the Christian Herald Singer, has toured many states and sung with audiences as large as 6,500. The people who join in these hymn sing come away with a warmer feeling toward their fellow man — and toward God.

They've written to us at Christian Herald by the thousands to tell us how moved they have been while singing the great hymns of the church, hymns and gospel songs that expressed their love and faith in song. And hymn singing has deep personal blessings for all of us.

Post Nuptial Shower Potes Mrs. Reynolds

A post-nuptial shower complimenting Mrs. Roland R. Reynolds, III, the former Lory Ann Rockwell, was given at the home of Mrs. T. L. Sellers in Pahokee from 7:30 to 9 p. m. Thursday night.

Co-hostesses assisting Mrs. Sellers were Mrs. J. M. Alderman, Mrs. R. T. Smith, Mrs. I. D. Duke, Mrs. H. B. Elarbes, Mrs. M. H. Baxter, Mrs. Marvin Crady, Mrs. Harry Sheppard, Jr., and Miss Linda Sellers.

A pink and white theme was carried out. The table lovely with a white lace cloth over pink held a center arrangement of pink hibiscus flanked with pink lighted tapers and was further enhanced with a milk glass punch bowl and a pink angel food cake on a pink milk glass plate. Cake, punch, mints and nuts were served.

A host of friends called during the evening from Belle Glade and Pahokee. The honoree was the recipient of many lovely gifts which were displayed.

Mrs. Reynolds, who with her husband has been visiting her mother, Mrs. Letha Rockwell and sister Linda Kay, are leaving during the weekend for Maryland, where they will reside at Perryville, Md. Reynolds will be employed by the Cecil County Maryland Board of Education in the capacity of organizing a new band in the school.

Rev. and Mrs. A. W. Meeks and sons Mike and Mark of Folsom, La., arrived here Tuesday for a visit with Mrs. Meek's mother, Mrs. S. F. Lowery, her sisters and brothers and their families, Mrs. Mary Hughes, Mrs. Earl Bracewell and Louis Lowery. Mrs. Meeks is the former Johnnie Lowery.

Mr. and Mrs. Edward Pursley returned last week from a month's vacation in North Carolina and Tennessee. While in

Morehead City, N. C. they visited Mrs. Pursley's sister and family, Mr. and Mrs. Bill Willis, also her mother, Mrs. Edna Ferguson and younger brother, Bob, all formerly of Belle Glade. In Chattanooga, Tenn., they were guests of numerous friends and relatives. During their stay both Jayne and Edward were awarded trophies for Go-cart racing, a favorite past time all over the state. Accompanying them home on Friday were Demita and Regina daughters of the Paul Marlers of Chattanooga, who will be here for about three weeks.

Mrs. H. J. Howington, a patient at Belle Glade Memorial Hospital the past week, is progressing satisfactorily, according to her daughter, Mrs. Luther Jones. Friends of Mrs. Howington wish to see her up and about soon.

Mrs. H. O. Carlton and girls, Penny and Peggy are back home arriving Monday from a three weeks vacation at Edenton, N. C., where they had a wonderful time visiting Mrs. Carlton's mother, Mrs. M. Harrell and other relatives.
